Keyboard Shortcuts

The most common question we ask our own self while working on any of the software is: Are we using the software up to the productivity and efficiency? Well, my answer to the above question would be **NO!**

Learning all the shortcuts of various software is not an easy task. But mastering the shortcuts for the most used software will be a good starting point in increasing your productivity. After learning this the next suggestion would be to have a look at Adobe XD Shortcuts for Windows and Mac.
